3pm

National Anthem.

Moment of silence for Kim Il Sung our eternal president

Moment of silence for Kim Jong Il our dear leader

And Now please rise as we pay honor to our supreme leader Kim Jong Un.

We would like to begin by denouncing the United States and Western Imperialism. They restrict the rights of sovereign nations to develop peaceful nuclear technology, and are a threat to the autonomy of non-Western powers. We also denounce any sanctions placed on Iran and support Iran's development of peaceful nuclear technology.

A blow against Iran is a blow against all of us. Any attack will lead to a nuclear holocaust.

If a state desires to meet with the Democratic People's Republic of Korea, they must come bearing proper gifts for our supreme leader, Kim Jong UN. These must be in the form of Hennessy, Giant rabbits, or Burger King.

Long live supreme leader, Kim Jong Un!
