

## COMPUTATIONAL METHODS FOR PHYSICS: ERRATA

J. FRANKLIN

- p. 41: In (2.68), the first argument in  $G$  should always be  $x_n + \dots$  not  $x + \dots$
- p. 214: Just after (8.46), the text should read: “for  $\mathbf{A} \equiv -\mathbb{Q}\mathbf{Q}$ .”
